

20th International Symposium on
Society and Resource Management

Challenges of Urban and Rural Transformation

June 9-13, 2014
Hannover, Germany

Program

**Session No. 3.1 Public Participation GIS (PPGIS) 1: Applications for Environmental and Urban Planning**

Chair: Gregory G. Brown

Room: Seminarraum, Quergebäude 332

- Title: How to support public participation processes with the softGIS tool – experiences from temporary PPGIS to continuous PSS systems
Authors: Maarit Kahila; Marketta Kyttä
- Title: Mapping accessibility to aquatic ecosystem services in Helsinki Metropolitan Area, Finland
Authors: Tiina Laatikainen; Marketta Kyttä; Jenni Kuoppa
- Title: Sampling in participatory mapping. An example on collaborative policy making to support cultural identity.
Authors: Beni Rohrbach
- Title: Using PGIS to map the social values of Ecosystem Services and manage environmental conflicts in Western Amazon: some cases in Peru and Ecuador
Authors: Daniele Codato; Salvatore E. Pappalardo; Massimo De Marchi
- Title: Analyzing Spatial Socio-Demographic Differences in Wildlife Conservation Preferences and Ecosystem Service Knowledge Using Public Participation Geographic Information Systems (PPGIS)
Authors: Cody M. Cox; Wayne Morse

Session No. 6 The Involvement of Stakeholders in Ski Development and Resource Management in Mountain Environments

Chair: Carmen de Jong

Room: Dekanatssaal, Quergebäude 142

- Title: 28 years of confrontation: Priority for ski development or for endangered species? A case study from Piz Val Gronda in the Central Alps (Tyrol, Austria)
Authors: Luise Schratt-Ehrendorfer
- Title: Advantages and limitations of real-time simulations of concerted approaches in ski resorts.
Authors: Jean-Christophe C. Loubier
- Title: Citizen Involvement in the Winter Olympic Candidature of Munich 2018 and 2022
Authors: Axel Doering; Sylvia Hamberger
- Title: Toward quality assurance in public participation projects as exemplified by a citizen jury / citizen survey
Authors: Anne-Dore Uthe; Birgit Apfelbaum
- Title: Winter Tourism and Protected Areas in the Harz Mts. – History, Problems and Perspectives
Authors: Dr. Friedhart Knolle; Christian Reinboth
- Title: Stakeholder Involvement in the Development of Modern Winter Tourism and Resource Protection – a comparison of the Harz Mountains and Alps
Authors: Carmen de Jong
- Title: Observations and perceptions of climate change among mountaineers in Huascarán National Park, Peru
Authors: Kenneth E. Wallen

Session No. 14.2 Tools and Instruments for Urban and Regional Transformation

Chair: Frank Othengrafen

Room: HS 5, Hoersaalgebäude

- Title: Following the densification paradigm in urban transformations: implications for health related lifestyles of inhabitants
Authors: Mojca Golobic; Katarina A. Lestan; Ivan Erzen
- Title: Urbanization, access to green space and mental health: which types of green space matter (most)?
Authors: Sjerp de Vries; Margreet ten Have; Saskia van Dorsselaer; Manja van Wezep; Tia Hermans; Ron de Graaf
- Title: An Agent-Based-Model of Residential Refurbishment under demographic change
Authors: Mart Verhoog; Carsten Buchmann; Thomas Bruckner
- Title: Assessing the Progress of Building a Resource-Conserving and Environment-Friendly Society: Using an Index System of Coordinated Development
Authors: Yang Ding; Qi Han; Bauke de Vries; Xingzi Wan

Session No. 15.2 Integrating Cultural Ecosystem Services in Communication and Planning

Chair: Christian Albert

Room: HS 4, Hoersaalgebäude

- Title: Does framing of information about ecosystem services influence actions in local landscape planning?
Authors: Claire C. Vos; Ingrid Coninx; Eveliene G. Steingröver; Art RPJ. Dewulf
- Title: How to account for the importance of a cultural keystone species in environmental valuation?
Authors: Jakub Kronenberg; Erik Andersson; Piotr Tryjanowski
- Title: The effects of short rotation coppice on recreation and the visual landscape – results of a survey using 3D visualisations for scenarios in different landscape
Authors: Thiemen Boll
- Title: Identifying indicators for educational ecosystem services: The example of outdoor environmental education conducted by secondary schools in Krakow, Poland
Authors: Ewelina D. Mocior
- Title: The production of contested landscapes: changes to ecosystem services in the
Authors: Julie Snorek; Linda Moser; Fabrice G. Renaud
- Title: Rural transformation through tourism: governance of touristic ecosystem services at Costalegre, Mexico.
Authors: Marion Riensche; Alicia Castillo
